Happy Mothers Day

IT'S IN THE MAIL!

Costambar Monthly has found out that the Dominican Republic is instituting a new postal code system to improve the efficiency of mail delivery.

This comes as a surprise to North Coast residents who have no recollection of even having inefficient mail delivery.

Officials assure us that the absence of accurate or, in some cases, no street addresses and lack of mail carriers will in no way impede the efficiency of the new system.

Costambar Monthly applauds this new development. At least now maybe our mail will get lost in the right part of the country!

THIS MONTH'S COOL NEW PRODUCT!

Here's the solution if you have champagne tastes but are on a beer budget!!

SAY YOU SAW IT IN THE COSTAMBAR MONTHLY

YOU KNOW TIMES ARE TOUGH WHEN EVEN CATS ARE BEGGING! (They're such drama queens!)

A husband walked into the house completely out of breath. "What happened, honey?" Asked his wife. "It's a great new idea I have," he gasped. "I ran all the way home behind the bus and saved 50 cents." Well, that certainly wasn't very bright," she answered. "Why didn't you run home behind a taxi and save three dollars?"

IMPORTANT HEALTH ADVICE FOR WOMEN

Do you have feelings of inadequacy?

Do you suffer from shyness?

Do you sometimes wish you were more assertive?

If you answered yes to any of these questions, ask your doctor or pharmacist about Chardonnay.

Chardonnay is the safe, natural way to feel better and more confident about yourself and your actions. Chardonnay can help ease you out of your shyness and let you tell the world that you're ready and willing to do just about anything.

You will notice the benefits of Chardonnay almost immediately and with a regimen of regular doses you can overcome any obstacles that prevent you from living the life you want to live. Shyness and awkwardness will be a thing of the past and you will discover many talents you never knew you had.

Stop hiding and start living.

Chardonnay may not be right for everyone. Women who are pregnant or nursing should not use Chardonnay. However, women who wouldn't mind nursing or becoming pregnant are encouraged to try it. Side effects may include dizziness, nausea, vomiting, incarceration, erotic lustfulness, loss of motor control, loss of clothing, loss of money, loss of virginity, delusions of grandeur, table dancing, headache, dehydration, dry mouth, and a desire to sing Karaoke and play all-night rounds of Strip Poker, Truth Or Dare, and Naked Twister!

WARNINGS: -

- * The consumption of Chardonnay may make you think you are whispering when you are not.
- * The consumption of Chardonnay may cause you to tell your friends over and over again that you love them.
- * The consumption of Chardonnay may cause you to think you can sing.
- * The consumption of Chardonnay may make you think you can logically converse with members of the opposite sex without spitting.
- * The consumption of Chardonnay may create the illusion that you are tougher, smarter, faster and better looking than most people.

Please feel free to share this important information with as many women as you feel may benefit!

Now Just Imagine What You Could Achieve With a sparkling Chardonnay!

YOU CAN'T FIX STUPID!

One day I was walking down the beach with some friends when someone shouted....'Look at that dead bird!' Someone looked up at the sky and said 'where?'

THEY WALK AMONG US!!

While looking at a house, my brother asked the estate agent which direction was north because, he explained, he didn't want the sun waking him up every morning. She asked, 'Does the sun rise in the north?' When my brother explained that the sun rises in the east, and has for some time, she shook her head and said, 'Oh, I don't keep up with that stuff'

THEY WALK AMONG US!!

My colleague and I were eating our lunch in our cafeteria, when we overheard one of the administrative assistants talking about the sunburn she got on her weekend drive to the beach. She drove down in a convertible, but 'didn't think she'd get sunburned because the car was moving'.

THEY WALK AMONG US!!!!

YOU CAN'T FIX STUPID!

I couldn't find my luggage at the airport baggage area. So I went to the lost luggage office and told the woman there that my bags never showed up. She smiled and told me not to worry because she was a trained professional and I was in good hands. 'Now,' she asked me, 'Has your plane arrived yet?'...

(I work with professionals like this.)

THEY WALK AMONG US!!!!!!!!!!

While working at a pizza parlor I observed a man ordering a small pizza to go. He appeared to be alone and the cook asked him if he would like it cut into 4 pieces or 6. He thought about it for some time before responding. 'Just cut it into 4 pieces; I don't think I'm hungry enough to eat 6 pieces.

YEP, THEY WALK AMONG US, TOO!!!!!!!!!!

Sadly, not only do they walk among us, they also reproduce !!!!

An atheist was walking through the woods.
 "What majestic trees!" "What powerful rivers!"
 "What beautiful animals!" He said to himself.
 As he was walking alongside the river, he heard a rustling in the bushes behind him.
 He turned to look. He saw a 7-foot grizzly charge towards him. He ran as fast as he could up the path. He looked over his shoulder and saw that the bear was closing in on him. He looked over his shoulder again. The bear was even closer. He tripped and fell on the ground.
 He rolled over to pick himself up but saw that the bear was right on top of him, reaching for him with his left paw and raising his right paw to strike him. At that instant the atheist cried out, "Oh my God!!!"
 Time Stopped. The bear froze. The forest was silent.
 As a bright light shone upon the man, an enormous voice came out of the sky, "You deny my existence for all these years, teach others I don't exist and even credit creation to cosmic accident. Do you expect me to help you out of this predicament? Am I to count you as a believer?"
 The atheist looked directly into the light, "It would be hypocritical of me to suddenly ask You to treat me as a Christian now, but perhaps you could make the BEAR a Christian?"
 "Very Well," said the voice.
 The light went out. The sounds of the forest resumed.
 And the bear dropped his right paw, brought both paws together, bowed his head and spoke:
 "Lord bless this food, which I am about to receive from thy bounty through Christ our Lord, Amen."

On reaching his plane seat a man is surprised to see a parrot strapped in next to him. He asks the stewardess for a coffee where upon the parrot squawks "And get me a whisky you cow!" The stewardess, flustered, brings back a whisky for the parrot and forgets the coffee.

When this omission is pointed out to her the parrot drains its glass and bawls "And get me another whisky you idiot". Quite upset, the girl comes back shaking with another whisky but still no coffee.

Unaccustomed to such slackness the man tries the parrot's approach "I've asked you twice for a coffee, go and get it now or I'll kick you".

The next moment, both he and the parrot have been wrenched up and thrown out of the emergency exit by two burly stewards. Plunging downwards the parrot turns to him and says "For someone who can't fly, you complain too much!"

There are three engineers in a car; an electrical engineer, a chemical engineer and a Microsoft engineer. Suddenly the car just stops by the side of the road, and the three engineers look at each other wondering what could be wrong. The electrical engineer suggests stripping down the electronics of the car and trying to trace where a fault might have occurred. The chemical engineer, not knowing much about cars, suggests that maybe the fuel is becoming emulsified and getting blocked somewhere. Then, the Microsoft engineer, not knowing much about anything, comes up with a suggestion, "Why don't we close all the windows, get out, get back in, open the windows again, and maybe it'll work!?"

TO YOUR HEALTH!

A woman accompanied her husband to the doctor's office. After his checkup, the doctor called the wife into his office alone. He said, "Your husband is suffering from a very severe stress disorder. If you don't do the following, your husband will surely die." "Each morning, fix him a healthy breakfast. Be pleasant at all times. For lunch make him a nutritious meal. For dinner prepare an especially nice meal for him. Don't burden him with chores. Don't discuss your problems with him, it will only make his stress worse. No nagging. And most importantly, make love with your husband several times a week. If you can do this for the next 10 months to a year, I think your husband will regain his health completely." On the way home, the husband asked his wife. "What did the doctor say?" "He said you're going to die," she replied.

A young woman, who was at her father's funeral, asked her mother, "Mom, how did Dad die?" Her mom replied, "Heart attack." "What was he doing?" the daughter asked. Her mother said, "Well, we were having sex."

This infuriated the daughter, because they were both 80 years old. The daughter said, "You guys are 80 years old! You should have expected something like this! You're way too old to be engaging in this sort of activity!" The mom replied, "Well, you see, years ago, we realized that at noon every day, the church bells rang. So, we decided to work along to that nice, slow rhythm so that your father wouldn't have a heart attack. It worked for years too. That poor guy... he'd still be alive today if that darned Ice Cream truck hadn't come along..."

YOU CAN'T FIX STUPID!

Some guy bought a new fridge for his house. To get rid of his old fridge, he put it in his front yard and hung a sign on it saying: 'Free to good home. You want it, you take it.' For three days the fridge sat there without even one person looking twice at it. He eventually decided that people were too un-trusting of this deal. It looked too good to be true, so he changed the sign to read: 'Fridge for sale \$50.' The next day someone stole it!
THEY WALK AMONGST US!

COME SAIL AWAY!

One summer some folks, new to boating, were having a problem with their brand new 22-foot Bayliner. It wouldn't plane at all and it was very sluggish in almost every maneuver, no matter how much power was applied. After about an hour of trying to make it go, they putted over to a nearby marine, thinking someone there could tell them what was wrong.

A thorough topside check revealed everything was in perfect working condition. The engine ran fine, the outdrive went up and down, the prop was the correct size and pitch. So, one of the marina guys jumped in the water to have a look underneath.

He came up choking on water, he was laughing so hard.

Under the boat, still strapped securely in place, was the trailer.

LUXURY VILLA RENTAL AT CASA OBEAR BY THE WEEK
www.casaobear.com

I was confused when I heard the word 'service' used with these agencies.

- Internal Revenue 'Service'
- U.S. Postal 'Service'
- Telephone 'Service'
- Cable TV 'Service'
- Civil 'Service'
- State, City, County & Public 'Service'
- Customer 'Service'

This is not what I thought 'service' meant. But today, I overheard two farmers talking, and one of them said he had hired a bull to 'service' a few cows.

BAM!!! It all came into focus. Now I understand what all those agencies are doing to us.

Now you are as enlightened as I am.

If people were meant to pop out of bed we'd all sleep in toasters!

YOU CAN'T FIX STUPID!

My sister has a lifesaving tool in her car it's designed to cut through a seat belt if she gets trapped. She keeps it in the trunk.

THEY WALK AMONG US!!!!

I was hanging out with a friend when we saw a woman with a nose ring attached to an earring by a chain. My friend said, 'Wouldn't the chain rip out every time she turned her head?' I had to explain that a person's nose and ear remain the same distance apart no matter which way the head is turned...

Have you ever seen the customers in health food store?

They are pale, skinny people who look half dead.

In a steak house, you see robust, ruddy people.

They're dying, of course, but they look terrific!

This morning on the interstate, I looked over to my left and there was a woman in a brand new Cadillac doing 65 mph with her face up next to her rear view mirror putting on her eyeliner. I looked away for a couple seconds and when I looked back she was halfway over in my lane, still working on that makeup. As a man, I don't scare easily. But she scared me so much I dropped my electric shaver, which knocked the donut out of my other hand. In all the confusion of trying to straighten out the car using my knees against the steering wheel, it knocked my cellphone away from my ear which fell into the coffee between my legs, splashed, and burned Big Jim and the twins, ruined the darn phone, soaked my trousers, and disconnected an important call.

- A) Do they all have the same kink in their necks?
- B) Are they training for new careers as Peeping Toms?
- C) 'Bambi' was on TV and it wasn't the Disney version?

Husband: When I get mad at you, You never fight back. How do you control your anger?
 Wife: I clean the toilet..
 Husband: How does that help?
 Wife: I use your toothbrush!

You are working on your family genealogy and for sake of example, let's say that your great-great uncle, Remus Starr, a fellow lacking in character, was hanged for horse stealing and train robbery in Montana in 1889. A cousin has supplied you with the only known photograph of Remus, showing him standing on the gallows. On the back of the picture are the words:

"Remus Starr: Horse thief, sent to Montana Territorial Prison, 1885. Escaped 1887, robbed the Montana Flyer six times. Caught by Pinkerton detectives, convicted and hanged, 1889."

Pretty grim situation, right? But let's revise things a bit. We simply crop the picture, scan in an enlarged image and edit it with image processing software so that all that is seen is a head shot.

Next, we rewrite the text:

"Remus Starr was a famous cowboy in the Montana Territory. His business empire grew to include acquisition of valuable equestrian assets and intimate dealings with the Montana railroad. Beginning in 1885, he devoted several years of his life to service at a government facility, finally taking leave to resume his dealings with the railroad. In 1887, he was a key player in a vital investigation run by the renowned Pinkerton Detective Agency. In 1889, Remus passed away during an important civic function held in his honor when the platform upon which he was standing collapsed."

The North Coast Center for Disease Control has issued a medical alert about a highly contagious, potentially dangerous virus that is transmitted orally, by hand, and even electronically. This virus is called Weekly Overload Recreational Killer (WORK). If you receive WORK from your boss, any of your colleagues or anyone else via any means whatsoever - DO NOT TOUCH IT!!! This virus will wipe out your private life entirely. If you should come into contact with WORK you should immediately leave the premises.

Take two good friends to the nearest store and purchase one or both of the antidotes - Work Isolating Neutralizer Extract (WINE) and Bothersome Employer Elimination Rebooter (BEER). Take the antidote repeatedly until WORK has been completely eliminated from your system.

You should immediately tell all your friends about this medical alert. If you do not have friends, you have already been infected and WORK is controlling your life.

CLOSED MONDAYS

A lawyer runs a stop sign and gets pulled over by a sheriff's deputy. He thinks that he is smarter than the deputy because he is a lawyer from New York and is certain that he has a better education than any cop from Texas. He decides to prove this to himself and have some fun at the Texas deputy's expense.

The deputy says, 'License and registration, please.'

'What for?' says the lawyer.

The deputy says, 'You didn't come to a complete stop at the stop sign.'

Then the lawyer says, 'I slowed down, and no one was coming.'

'You still didn't come to a complete stop,' Says the deputy. 'License and registration, please.'

The lawyer says, 'What's the difference?'

'The difference is you have to come to a complete stop, that's the law. License and registration, please!' the Deputy says.

Lawyer says, 'If you can show me the legal difference between slow down and stop, I'll give you my license and registration; and you give me the ticket. If not, you let me go and don't give me the ticket.'

'That sounds fair. Please exit your vehicle, sir,' the deputy says.

At this point, the deputy takes out his nightstick and starts beating the daylight out of the lawyer and says, 'Now Do you want me to stop, or just slow down?'

The things that come to those who wait will be the things left by those who got there first.
